

# Winona ORC's Transportation Services

## Transportation Continues to Grow. . . .

The Minnesota Department of Transportation Bus Grant Program awarded Winona ORC funds toward a new bus for 2009! The grant covers only 80% of the cost and Winona ORC is responsible for the remaining 20%.

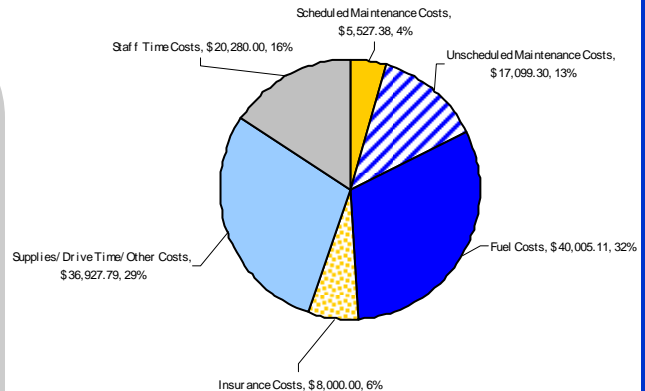

The projected costs for the new 2009 bus are \$49,600! This includes \$15,000 toward the purchase price and \$34,600 in on-going transportation costs. Annually, we expect to provide over 10,000 rides for people with disabilities with the new bus at a cost of \$3.46 per ride (see chart below for a break down of 2008 on-going transportation costs). Help Winona ORC alleviate the costs through a donation toward our Transportation Services. Our Transportation Services are truly a great benefit to our clients and for some, it is their only option.

The 2009 bus will join our fleet of 4 other buses that have all been awarded through the Minnesota Department of Transportation Bus Grant Program. See the 'Fast Facts' section to learn more about our services!

### Fast Facts About Winona ORC's Transportation Services

- ▶ We provide an average of **154 rides per workday**.
  - 86 Morning Rides
  - 68 Afternoon Rides
- ▶ In **2008**, we gave **36,960 rides!**
