

Subcontracting at Winona ORC

Sometimes you need another set of hands. . .

Winona ORC offers customizable production services to fit your needs with our 32,000 square foot production facility. We partner with you through each step to deliver quality results while increasing your business' bottom line.

Winona ORC is a leading subcontractor of packaging and assembly work in Southeast Minnesota to local companies including Fastenal, WinCraft, Peerless Chain, Watkins, and many more. We provide both short run/quick turn services and long term consistent production. In both cases we offer employers another avenue to help maintain costs, better utilize floor space, and help improve throughput and profitability. With over 45 years of experience in this field, we feel we have the capabilities of making your company more competitive in an ever changing world.
